

GemTrim™ Flex

A New Level of Flexibility

GemTrim™ Flex trim cap offers increased flexibility for easier bending and forming in those tight spots. Expertly crafted in our own manufacturing plants, GemTrim bonds easily, is UV stable, won't fade, crack, peel or delaminate, and is available in three widths, 3/4", 1" & 2". Our wide selection of 31 standard colors is offered through our nationwide network of stocking partners.

Custom Colors

Available for larger and national programs.

Made True.

ALL GEMINI PRODUCTS ARE BUILT TO LAST AND GUARANTEED FOR LIFE

GEMTRIM FLEX PRODUCT INFORMATION

- Twenty-eight 3/4", thirty-one 1" and ten 2" standard GemTrim colors.
- Ships in convenient rolls in the following lengths: 150' rolls (3/4"), 150' rolls (1"), or 100' rolls (2").
- GemTrim™ is manufactured by Gemini, and constructed of earth-friendly Cellulose Acetate Butyrate (CAB) extruded around prime aluminum foil.
- GemTrim is a UL-recognized component for use in lit letters.
- Bonds easily to acrylic and polycarbonate letters.
- To seal, run a full bead of Scigrip #16 or #40.
