

## TRANSLUCENT FILMS

### SPMTUR

4.0 mil. White Semi-Gloss Translucent Calendered Vinyl  
with Removable Acrylic Adhesive and a 90# Release Liner

Catalina Graphic Films' Mojave Translucent Film is the ideal solution for both photographic and high quality signage applications where vivid color saturation and extreme image resolution is required. This front print glossy backlit film offers maximum color density with the advanced ink adhesion technology, while a higher percentage of translucency achieves excellent color reproduction and saturation.
